## **Freelance (2013 - Present)**

Type something

## **State Street Corporation – March 2010 - June 2013**

Spent over three years in several positions from daily accounting, to income review and corporate action processing. The majority of my time was spent in a Client Operations group serving as the main point of contact for all client inquiries. Performed weekly/monthly reporting, facilitated all mutual fund activity (openings, closures, monthly reconciliation), and maintained internal and client relationships.
